

The **Eliminator Lighting Mini Par Bar** will bring any room to life with washes of colored light. The all-in-one system includes four plastic LED Pars mounted on a linear base with a single power source, a metal tripod stand to mount the linear base on, a wireless remote and a transportation bag. Each LED Par fixture includes twelve 1-Watt LED (RGBW) and may be manually rotated so that users can aim the light in a desired direction.

The Mini Par Bar is a very versatile system allowing user to use the fixtures portably on the supplied tripod stand, in a fixed installation using the mounting points on the linear base or set on the ground used as foot lighting. This flexibility allows for a wide variety of uses: stage lighting, bands, DJs, nightclubs, lounges, small bars and portable churches.

The lighting system is easy to use with various control options. Use the supplied wireless remote or connect to DMX control to use in sound active mode, DMX, auto or link multiple systems together in a Primary/Secondary operation.

**System includes:**

- 1x 4 LED Pars mounted on a Linear base
- 1x 4 Lighting tripod stand
- 1x IR Wireless remote control
- 1x Transportation bag
- 1x IEC Power cable

## SPECIFICATIONS:

- Light source: 4 fixtures with 12x 1-Watt RGBW (3 red, 3 green, 3 blue, 3 white) LEDs each
- Great for Stage Lighting, Bands, Night Clubs & Mobile Entertainers
