

# FUN FACTOR LED

The American DJ Fun Factor LED is a 2-FX-IN-1 DMX LED Moonflower + Strobe Lighting effect with 5 lenses and 4 strobe strips. It features red, blue, green and white LEDs. This effect offers small clubs, bands, roller rinks and mobile entertainers the convenience of having multiple effects in one light show without having to transport multiple fixtures. The Fun Factor LED is easy-to-use and has 3 operational modes: DMX controller, Master/Slave & Sound Active. There are several built-in programs when used in Sound Active or Master/Slave modes. Users can also use the easy-to-use UC3 controller from American DJ to turn the unit On/Off and scroll through different programs. Up to 17 Fun Factor LEDs may be power linked together via the units IEC connectors.
