

REVO BURST

The Revo Burst is a highly energetic lighting effect that utilizes 7 clusters of 42 LEDs each (total of 294 Red, Green, Blue & White LEDs) that strobe and turn on/off in a synchronized way as to look like fireworks, all from the units built-in programs. Shine the Revo Burst on a ceiling, wall or on the floor with or without using fog. This lighting effect has a wide beam (46 degrees) angle so you don't have to hang the unit very high off the ground to get a large amount of coverage.

The Revo Burst is light-weight, compact and designed for the entertainer on the go. The unit has no moving parts inside and offers 100,000 life expectancy on its LEDs. Run the unit is sound active, master/slave with other units, or customize a light show using a DMX controller. The ADJ UC3 easy-to-use hand-held controller may also be used to turn the unit on and off and run through the various built-in lightshows.

Specifications:

- LED DMX-512 Moonflower with sharp Red, Green, Blue & White Beams
- 7 LED Clusters - 294 total LEDs : 84 Red, 105 Green, 63 blue and 42 White
- 10 DMX Channels (4 Channel mode or 10 Channel mode)
- 4-button LED DMX display on rear panel
- Linkable via XLR connections
- Wide beam spread covers a large area
- 3 operation modes: DMX, Sound Active & Master/Slave
- Built-in "high-energy" lighting programs (Master/Slave & Sound Active)
- Beam angle: 46 degrees
- Color strobe effect (Slow to Fast)
- Electronic Dimming 0 - 100%
- Linkable via 3-pin XLR cable
- IEC IN/OUT on rear to daisy chain power (up to 16 units)
- Includes mounting bracket & safety hook
- Power Consumption: 20W max
- Extreme long lifetime of the LEDs (100,000 hr. rating)
- Multi-voltage operation: AC 100-240V 50/60Hz (IEC Plug)
- Compatible with the UC3 easy-to-use controller (sold separately)
- Dimensions: 12"x8.5"x9.5" / 312x216x239mm
- Weight: 8 lbs. / 3.4 kg.
