

ROYAL SKY

The American DJ Royal Sky features one 30mW green and one 350mW violet blue laser that creates 20 patterns and features an amazing “Liquid Sky” effect when projected over a crowd. Perfect for small clubs or the entertainer on the go! Just turn it on and let it run in sound active mode through exciting built-in programs. Link up to 16 units using 3-pin XLR Connectors and IEC In/Out power cables to create an amazing laser light show! The Royal Sky has 6 DMX channels, 3 operational modes (DMX, Sound Active or Master/Slave), has a 38-degree beam angle and only consumes a maximum of 20W of power. Users can also use the UC3 easy-to-use controller with the Royal Sky. This laser is FDA approved.
