

AMERICAN AUDIO

TT RECORD 192KBPS UPGRADE INSTRUCTIONS

**Please following these instructions to upgrade your American Audio
TT Record to rip MP3 files at 192kbps:**

1. From your computer, load the file "TTRECORD-192.MCS" onto a clean USB flash drive or SD Card (nothing else should be on the drive).
2. Turn ON TT Record.
3. Insert flash drive into the USB port; red USB light will come on
4. Press Record button on turntable; Red record LED will flash on and off.
5. The upgrade is finished when red record LED stops flashing and stays on.
6. Unplug the USB devise and power off the turntable.
7. Insert the USB flash drive or SD Card back onto your computer. Erase the "TTRECORD-192.MCS" file so the drive is clean of any files. *****Please note this important step or upgrade will not work correctly*****
8. Power on the TT Record and begin recording!

Customer Support (USA):
